

Washworld is Nominated!

Washworld is proud to announce that we have been honored with the nomination for this years' Manufacturing Award of Distinction.

The Greater Green Bay Chamber designed this program to recognize that the manufacturing industry has a strong presence in the local economy and has continuously shown its dedication to the communities. Washworld's tremendous achievements, superior manufacturing leadership and innovation have made us worth of this prestigious recognition.

Each year the Greater Green Bay Chamber coordinates the program throughout Northeast Wisconsin and hosts an awards banquet which is held Tuesday, November 15, 2016.
