

**FOAM 'n FLOW**

## The Finishing Touch

Washworld systems just keep getting better, which makes you more profitable! Additions to the Washworld product line include a multitude of options. For effective wheel cleaning that will keep your customers coming back, it's Washworld's Power Tower. The 36" high tower features stainless steel zero degree rotating turbo nozzles, each providing intense cleaning in a 24 degree spray pattern. Power Tower is available in a six nozzle and a 12 nozzle configuration.

Foam 'n Flow application system includes full LED back lighting, and can be used with any Carnuba, hot wax, polish, and conditioning products on the market. Foam 'n Flow produces high end results for a true money maker.

Washworld also offers a wide range of signage options from exterior to interior. Choices include 24v completely backlit LED instructional signs housed in fiberglass or 12v stainless steel LED signs which are customizable.

Finishing touches from Washworld means increasing your traffic flow which increases your ROI!
