

Owner/Operator Training Program

Washworld, Inc. offers equipment training as a part of its continuing commitment to customer service. This course provides Owners and Operators with the knowledge and skills to operate, maintain, and repair Washworld equipment.

The course is provided at no cost to those who attend. There are several training available dates throughout the year to accommodate varying schedules.

The training will be conducted by several Washworld technicians. Each technician has several years of experience with Washworld equipment as well as the carwash industry as a whole.

I. Training Outline
